I Am Mine

Pearl Jam

The selfish, they're all standing in line
Faithing and hoping to buy themselves time
Me, I figure as each breath goes by
I only own my mindThe North is to South what the clock is to time
There's east and there's west and there's everywhere lying
I know I was born and I know that I'll die
The in between is mine
I am mineAnd the meanings that get left behind
All their innocence lost at one time
Significant, between the lines
There's no need to hide...
We're safe tonightThe ocean is full 'cause everyone's crying
The full moon is looking for friends at high tide
The sorrow grows bigger when the sorrow's denied
I only know my mind
I am mineAnd the meanings that get left behind
All their innocence lost at one time
Significance, behind the eyes
There's no need to hide...
We're safe tonightAnd the meanings that get left behind
All the feeling is broken with time
We're all different behind the eyes
(We may need to hide)And the meanings that get left behind
All their innocence lost at one time
Significance, between the lines
There's no need to hide
