

# Can't Truss 'Em (feat. Yazz)

## Empire Cast

[Verse 1]

Fellas if you clever, trust a lady never  
Have you thinkin' back and wishin' that you never met her  
See her in that fitted dress and you know it's designer  
She fill it out nice, but the devil wears Prada  
So no, no, no, I will never ever trust her mayne  
Get out my way chick cause' I already know the game  
If you tryna' talk to me, I'm on my college football  
In other words, I'mma act like I don't Norte Dame  
Cause you been known to play the field like Norte Dame  
I hate ya' face, hate ya' style, just to make it plain  
Back then they told me Trix are for kids  
And you been layin' on your back tricks told me ever since  
Ha, I thought I had it all made  
'Til you left me on my own, like LeBron did Wade  
I ain't trippin' off these broads, man I'm goin' get paid  
They goin' learn in a minute cause they all gettin' slayed[Hook]

I don't trust 'em

Man these broads ain't about nothin'  
Don't call me, no text, no discussion  
They all phony and that's why I don't trust 'em  
They all phony and that's why I don't trust 'em  
Stand too long, getcha' seat tookin'  
Stab you right in the back, soon as you ain't lookin'  
They all phony and that's why I don't trust 'em  
I don't, I don't trust 'em

I don't, I don't, I don't trust 'em, no[Verse 2]

If I drowned I believe you will leave me there floatin'  
I wouldn't trust you to throw a rock in the ocean  
Speakin' of water, you fluid with the foolishness  
Just like H<sub>2</sub>O, without the 2 in it  
Damn these women all about the drama these days  
hard to even trust your mama these days  
Gotta watch my back, might get jacked  
Make the wrong move, I just might get capped  
Bump that, I'm on a killin' spree  
I gotta keep the flow tight  
I never heard of in my whole life  
I guess that's just the meaning that we all know about

You brought me in this world and you take me right out  
Right, right  
Wicked witch of the land  
Middle finger to a chick whoever sabotage a man  
Cause ya'll goin' learn today, ya'll goin learn today  
Go to hell with gasoline and you burn right away, ow[Hook]  
I don't trust 'em  
Man these broads ain't about nothin'  
Don't call me, no text, no discussion  
They all phony and that's why I don't trust 'em  
They all phony and that's why I don't trust 'em  
Stand too long, getcha' seat tookin'  
Stab you right in the back, soon as you ain't lookin'  
They all phony and that's why I don't trust 'em  
I don't, I don't trust 'em  
I don't, I don't, I don't trust 'em, no
