

Figures A And B (Means You And Me)

Hellogoodbye

Present for a presentation presented presently
There's no 'I' in team, no 'Me' in us, no 'You' in we
I'll write down letters inside letters, I can't let her see
Pass them forward with a foreword, they won't mean a thing
Treasure torn out paper from the corner of a page
Measure worn out epigrams for signs of change with age
I figure out that figurative of figures A and B
Images I imagined with pretty imagery, means you and me
You and me
We could be made for this, wait and see
We might be made for this, you and me
We could be made for this, wait and see
Oh, just wait and see
It's so far away but I've planned a date
And that's at least a start to get inside your heart
It might be you and me, oh, we could be a team
It might be you and me, just wait and see
You and me
We could be made for this, wait and see
We might be made for this, you and me
We could be made for this, wait and see
Oh, just wait and see, it could be you
You and me
We could be made for this, wait and see
We might be made for this, you and me
We could be made for this, wait and see
Oh, just wait and see
It could be you and me
Oh, wait and see
It could be you and me
Oh, oh, wait and see
