Not Supposed To

Guards

Welcome back this time of year
With open arms and shattered fears
Power eyes won't meant to see
Blooded lines and memoriesHolding on to something that you never had
Well holding on just makes you sad
Looking out for something that you never seen
Just close your eyes it comes with peaceNo, you're not supposed to know
When you're supposed to go
I know, you're not supposed to know
I know, you're not supposed to go
I know, you're not supposed to know
I know, you're not supposed to go
You should've known your time to go
It opens doors best left closed
Send on more I hit it
Broken as the sacred yearsI don't wanna hold you it will be alright
The things I love the sacrifice
Grabbing on to something that you shouldn't have
Well I grabbed it on sent it backNo, you're not supposed to know
When you're supposed to go
I know, you're not supposed to know
I know, you're not supposed to go
I know, you're not supposed to know
I know, you're not supposed to goHolding on to something that you never had
Well holding on just makes you sad
Looking out for something that you never seen
Just close your eyes it comes with peace
No, you're not supposed to know
When you're supposed to go
I know, you're not supposed to know
I know, you're not supposed to go
I know, you're not supposed to know
I know, you're not supposed to go
