

# Not Supposed To

## Guards

Welcome back this time of year  
With open arms and shattered fears  
Power eyes won't meant to see  
Blooded lines and memories Holding on to something that you never had  
Well holding on just makes you sad  
Looking out for something that you never seen  
Just close your eyes it comes with peace No, you're not supposed to know  
When you're supposed to go  
I know, you're not supposed to know  
I know, you're not supposed to go  
I know, you're not supposed to know  
I know, you're not supposed to go  
You should've known your time to go  
It opens doors best left closed  
Send on more I hit it  
Broken as the sacred years I don't wanna hold you it will be alright  
The things I love the sacrifice  
Grabbing on to something that you shouldn't have  
Well I grabbed it on sent it back No, you're not supposed to know  
When you're supposed to go  
I know, you're not supposed to know  
I know, you're not supposed to go  
I know, you're not supposed to know  
I know, you're not supposed to go Holding on to something that you never had  
Well holding on just makes you sad  
Looking out for something that you never seen  
Just close your eyes it comes with peace  
No, you're not supposed to know  
When you're supposed to go  
I know, you're not supposed to know  
I know, you're not supposed to go  
I know, you're not supposed to know  
I know, you're not supposed to go
