Boyfriend

Janitor Joe

Here goes, Here goes
Baby tell me whats the deal, deal, deal
Can I keep it real, real, real
Tell you how I feel, feel, feel
Here goes, Here goes
I'm ready for all the things baby that you wanna to do,
But first I gotta know if I can get a small commitment from you ok, ok ,ok
Tell me you'll wait, wait, wait
I know you wanna make it rain for me,
no more drama no more pain for me,
maybe we could hold hands if you were my boyfriend,
I know you'll give me the moon and stars above,
but that has no meaning if were not in love,
we could slow dance if you were my boyfriend,
Don't you wanna be my, be my, be my
Here goes, Here goes

Baby what it gonna be, be, be
Is it you and me, me, me
I'm waiting patiently, ly, ly
Let's go, Come on baby lets go
Baby if you just relax and think about what you wanna do
And let your heart lead the way it'll be ok, ok, ok
But tell me you'll wait, wait, wait
I know you wanna make it rain for me, (yeah)
no more drama no more pain for me, (yeah, yeah)
maybe we could hold hands if you were my boyfriend, (here goes)
I know you'll give me the moon and stars above,
but that has no meaning if were not in love,
we could slow dance (here goes) if you were my boyfriend,
Don't you wanna be my, be my, be my
Here goes
Here goes, Here goes
