

Killer Robots From Venus

Arrogant Worms

About 6 months ago, someone came by with a petition
Said we'd wanna stop these folks moving in next door
I refused to sign and told him everyone was welcome
'Cause that's what neighbourhoods are for
So they moved in and I'll admit they look peculiar
They invited me to a friendly barbeque
Glad I got to know 'em, and let me tell you something
They may be metallic, but they're just like me and you
No, there's nothing wrong with killer robots from Venus
They gave me zucchini from their garden yesterday (they're very fresh)
No, there's nothing wrong with killer robots from Venus
You may disagree, but I think they're A-OK!
My buddy Charlie never got off the robots' backs
Then one day, him and his whole house disappeared
I talked about it to my neighbours, the killer robots from Venus
They couldn't help me, but agreed that it was wierd...
No, there's nothing wrong with killer robots from Venus
They always mow their lawn, and they joined the PTA (because we care)
No, there's nothing wrong with killer robots from Venus
You may disagree, but I think they're A-OK!
They had us over for an outdoor New Year's party
Though it was 10 below, there was food and drink a-plenty
They got excited as we counted down with them
And when we kissed them, our lips stuck to their heads (ouch)
I was watching the news last night, when I saw something funny
Killer robots from somewhere decimated Montreal
I wondered, could it be my neighbours, the killer robots from Venus?
Could it be them after all?
No. They're so nice! Yeah.
No, there's nothing wrong with killer robots from Venus
They applauded for my kid at the Christmas play (he was the best
shepard)
No, there's nothing wrong with killer robots from Venus
You may disagree, but I think they're A-OK!
You may disagree, but I think they're A-OK!
You may disagree, but I think they're A-OK! (We're OK!)
