

Sleeplessly Dreaming

Flo Morrissey

You crossed the line
But I supposed I didn't met you
And caved gold from this mine
I am glad that we can be true You told me these tales
Of how loves always prevails
But, please don't forget that I loved him first And look at me
Look at me
Look at how it failed So tonight I am
Sleeplessly dreaming
Tonight I am
Sleeplessly dreaming
Not of him
Not of him
But of something much deeper within
Please don't think I'm sad
Happiness is my friend in the end
And my heart has progressed But you spoke of him all night
So, to myself, I must confess
As I unzip my own dress
Say goodnight and God Bless Yes, yes, yes,
Tonight I am
Sleeplessly dreaming
Tonight I am
Sleeplessly dreaming
Not of him
Not of him
But of something much deeper within
My sweetest friend
You love someone I used to love
But no matter what I will let your love shine
For you deserve someone to love, indeed
Look you in the eye, ahh So I'm happy to keep on
Sleeplessly dreaming
Tonight.
