

Idiot Check

Municipal Waste

Get ...around
No idea, what you're talking about
Feeling dumber in your presence
... and then you're finishedI just wanna punch you in the nose
Never care about the things you say
That's why your ... is gonna check the dayYou are a ... now it's ...go... shows
I just wanna punch you in the nose
Never care about the things you say
That's why your ... is gonna check the dayBrute force, retaliation
Your hope ...we never cross the path
Trying to pay, desperation
You're ...such an idiot.....shut your mouth
No idea, what you're talking about
Feeling dumber in your presence
... and then you're finishedI just wanna punch you in the nose
Never care about the things you say
That's why your ... is gonna check the day.
