Shakin' It Loose

REO Speedwagon

She looked at me with fire in her eyes
Looks can't kill but she certainly tries
And tried she might but I'm gonna be all right
Shakin' it loose tonightShe said honey, "Forget me quick"
Another fool, another Hollywood trick
Movin' on a red light but I'm gonna be all right
Shakin' it loose tonightShake, shake, shakin' it loose tonight
Shake, shake, shakin' it loose tonight
I'm gonna make it, shakin' it loose tonightI got to go, there's someone on the phone
Knock on my door but there's nobody home
I turned out the light 'cause I'm gonna be all right
Shakin' it loose tonightShake, shake, shakin' it loose tonight
Shake, shake, shakin' it loose tonight
I'm gonna make it, shakin' it loose tonight
Shakin' it looseShake, shake, shakin' it loose tonight
Shake, shake, shakin' it loose tonight
I'm gonna make it, shakin' it loose tonight
I'm gonna make it, shakin' it loose tonight
Ooh, shakin' it loose tonight
