

Dead on Arrival

Fall Out Boy

Hope this is the last time
'Cause I'd never say no to you
This conversation's been
Dead on arrivalAnd there's no way

Between me
And this loss of sleep
Over youThis is side one
Flip me over
I know, I'm not your
Favorite recordBut the songs you grow to like
Never stick at first
So, I'm writing you a chorus
And here is your verseNo, it's not the last time
'Cause I'd never say no to you
This conversation's still
Dead on arrivalAnd there's no way
To talk, to you
When you're
Dead onA rivalry goes so deep
Between me
And this loss of sleep
Over youThis is side one
Flip me over
I know I'm not your
Favorite recordBut the songs you grow to like
Never stick at first
So I'm writing you a chorus
And here is yourThis is side one
Flip me over
I know I'm not your
Favorite record, oh no, soThis is side one
Flip me overThis is side one
Flip me over
I know I'm not you're
Favorite recordThe songs you grow to like
Never stick at first

So I'm writing you a chorus
And here is your verse
Here is your
