

# Crucifixion

## JC Superstar

We deny gods and his rule  
We defy him supreme force  
Crucified by the dark power  
    His death was a glory  
Forgotten by our mind forever  
He's left the churches to torment us  
    We'll destroy the high altar  
Until we see the ashes of painCrucifixionWe'll show to the world our hate  
    The priests will have their final torment  
We'll spit on the churches, e have an ideal  
    Black tortures you'll feel  
    The mankind goes to suicide  
They have faith in gods as false as their name  
    Christ, preacher of goodness and beauty  
Gods, preachers of lies and destructionThe gods grave doors  
    Is below his brain's  
    Rottenness and dirtiness go out  
    By a simple prayer of mercy  
The treason of his death will be your blame  
    Your master is buried in the abyss  
    The dead, they already celebrate his arrival  
In the altar of fallen gods, throne of his own existence
