## New Found Glory

Let's go! Whoa, whoa, whoa, whoa, whoa, whoa You always thought that you could be  
Oh, with just about anyone  
You know the right way to get around in my head  
Whoa I never had the chance  
There was no letting up  
It was over before I put the key in the door  
Whoa I stayed all night til you asked me to go  
I remake it every time that I am alone  
And it's only now that I'm finding out You were, you were the only one to break my heart  
You were the only one to break my heart  
If I could just go back to the start  
I'd tell myself I don't need anyone Whoa, whoa, whoa, whoa, whoa, whoa You always knew that you could have  
me  
Or just about anyone  
And now I'm stuck here with a mouth full of regret  
Whoa We talked all night til the sun showed up  
I confessed my love but that wasn't enough  
And it's only now that I'm finding out You were, you were the only one to break my heart  
You were the only one to break my heart  
If I could just go back to the start  
I'd tell myself I don't need anyone You were, you were the only one to break my heart  
You were the only one to break my heart  
If I could just go back to the start  
I'd tell myself I don't need anyone You wait around for the perfect time  
Changing your plans, changing your mind  
When you got up and left me,  
Did you think that you'd forget me? Yeah did you think that you'd forget me? Whoa, whoa, whoa, whoa, whoa,  
whoa You were, you were the only one to break my heart  
You were the only one to break my heart  
If I could just go back to the start  
I'd tell myself I don't need anyone You were, you were the only one to break my heart  
I don't need anyone  
You were, you were the only one to break my heart I still remember how we talked all night til the sun showed  
up  
I confessed my love but that wasn't enough  
And it's only now that I'm finding out
