2 Man Show

Timbaland

Hold up, y'all
Hold up
Not yet
Hold up

Now
Go 'head
Go 'head

Like that
Yeah
Mm

That's cool

Ooh

Bring it in
I heard that; come on, and play that back
I'm really feeling that; come on, smash track
It's just the regular two-man show

I heard that; come on, and play that back
I'm really feeling that; come on, smash track
It's just the regular two-man show

Doesn't it sound good to ya, don't you agree?
Doesn't it sound good to ya, don't you agree?

Come on, break it down
What
Huh
Oh

I heard that; come on, and play that back
I'm really feeling that; come on, smash track
It's just the regular two-man show

I heard that; come on, and play that back
I'm really feeling that; come on, smash track

It's just the regular two-man show

Oh

Doesn't it sound good to ya, don't you agree?
Doesn't it sound good to ya, don't you agree?

Listen to me right here

I like that
Gimmie, gimmie that
Come on

Take it to the high level
Go a lil' higher then that
Higher
Switch it up
I like that
I like that

Kill 'em

I like that
Grab yo' lady and hug her tight
Uh huh, uh huh

Shock value
