Unbreakable

Karyn White

Baby, I?m so confused by the way you?re treating me
It makes me think you don?t wanna be with me
Your action show that your words don?t mean a thing
I feel the pain!
But I done cry all these tears
And now I?m all alone
If this is for the ....then what?s love?s about
Look me in the eyes, telling me lies
I thought that I could take no more,
I thought my heart's unbreakable!
Chorus:
Think about he says to my heart, oh yeah
Put it together a brand new start
Been through it all, learning through the pains
After it all my heart remains
Unbreakable (unbreakable)
Unbreakable (unbreakable)
Unbreakable! My heart?s unbreakable
Is unbreakable! unbreakable
Put your hands to my chest
Rip my heart right out, my soul
I?m unbreakable!
Let?s keep it cool,
Around my friends you make me look like a fool
Running from the truth, is catching up to you!
You broke my love to pieces with all the games you played
You need to act your age
You sit and smile in my face and say you love me
When you?re out with your boys, you disrespect me
You look me in the eyes, you?re telling me lies
I thought that I could take no more,

I thought my heart's unbreakable!
Chorus:
Think about he says to my heart, oh yeah
Put it together a brand new start
Been through it all, learning through the pains
After it all my heart remains
Unbreakable (unbreakable)

Unbreakable (unbreakable)
My heart?s unbreakable
Is unbreakable!
Put your hands to my chest
Rip my heart right out, my soul
I don?t have a glass heart, I?m unbreakable!
Now I?m done, I?m moving on
.....it aint quite strong
Baby, I won?t shed a tear
I stood around all these years!
See, I?ve made it through the pain
No one, no woman will treat you the same
What goes up comes down,
What goes around comes back around
You played me like a fool, but it?s coming back right to you!
Chorus:
Think about he says to my heart, oh yeah
Put it together a brand new start
Been through it all, learning through the pains
After it all my heart remains
Unbreakable (unbreakable)
Unbreakable (unbreakable)
My heart?s unbreakable
Is unbreakable!
