

# All Night Long

Robin Thicke

All night long I wait Yeah, hey mama, kick him at the bed, I'm comin' over  
Got somethin' to show ya, behold your eyes  
I's wanna hold ya, just hold ya tight  
Like a four leaf clover, I be goin' through Your flowers, baby, your garden's open  
A sight for sore eyes, good Lord, I'm focused  
I can hardly notice anythin' other than  
The woman with the face of my future baby mother I'm a big man, she's a big girl  
Put on them heels and put on that skirt  
She wants to get naughty, we can get bad  
She's a good girl with the good girl dance I'm ice cream, she's a hot swirl  
We can get married and live in our world  
Let's play rough, we can get wild  
I could go home but I'll stay, cheat but I won't So I go by Weezy, love me or leave me  
I hate to leave her, I think I need her  
She's such a teaser, such a deeper  
Yeah, we park it right here, baby, fuckin' need her Do it to me, baby, I could be your receiver  
Call me in the last minute and I can be your reliever  
Call me at the last minute, I'll be there even  
Late night, early mornin' or maybe this evenin' She ain't no stunt, she ain't no filly  
I wanna get mad but then not really  
She's so fly, I could get mine  
But I do it much better with her by my side Love is alright, we gon' get blitzed tonight  
All my girls wanna make that money  
All my thugs wanna take that money  
All night long, I'm a milk that honey so All night long I wait for your lovin', babe  
All night long I wait to tear you to pieces  
All night long I wait for your lovin', babe  
All night long I wait, all night long All night long I wait to see you, babe  
And watch the sun rise in your face  
All night long I wait for you to play  
And let my open arms take you away She say she wanna be the one I get next to  
Yes, boo, let's do that, who that?  
You that one I want to be the one I get next to  
Let's move, get you to the crib Now, I see you musta one I wanna give sex to  
Sex you, sexy you, you sexy devil, you  
And you lookin' like you single  
Thank you, have yourself a drink, I drink too Saw you when I came through  
Now I can't do nothin' if it ain't you  
It's Wayne, boo, I don't do what them lames do

I come at you from a whole other angle  
Now one time for the ladies in the high skirts

Two time for the ladies in the tight jeans

Three time for the ladies who ain't

Got no panties on, let's go home  
All night long I wait for your lovin', babe

All night long I wait to tear you to pieces

All night long I wait for your lovin', babe

All night long I wait, all night long  
All night long I wait for your lovin', babe

All night long I wait to tear you to pieces

All night long I wait for your lovin', babe

All night long I wait, all night long  
All night long I wait for your lovin', babe

All night long I wait, all night long

All night long I wait for your lovin', babe

All night long I wait
