

Messy

Gabriella Cilmi

So I thought I'd get a little messy
One day before it gets too heavy
So I thought I'd get a little messy
One day before it gets too heavy See, ya make my folks grumpy
The sweetest thing, ya make my socks go ding
Me, I like the road bumpy
The sweetest thing, you make my hips go swing Oh I do do, love it baby, my hearts loud
Yeah, I'm too, too, bloody lazy to start now So I thought I'd get a little messy
One day before it gets too heavy
So I thought I'd get a little messy
One day before it gets too heavy 1, 2, 3 you know you gotta stick with me
Oh and 4, 5, 6 you know you gotta get your kicks
And 1, 2, 3 you know you gotta stick with me
Yeah 4, 5, 6 you know you gotta get your kicks Oh I do do, love it baby, my hearts loud
Oh, I'm too, too, bloody lazy to start now So I thought I'd get a little messy
One day before it gets to heavy
So I thought I'd get a little messy
So I'll let loose and get things heavy Freeze, drop to your knees
You gotta roll, take control
Freeze, drop to you knees
You gotta roll, take control
