

# Failure's Not Flattering

## New Found Glory

Advisory - the following lyrics contain explicit language:

What's your problem?  
Can't you see it?  
And you go and blow it  
Like everyone knows you will Don't leave this rock unturned  
'Cause you could like what you find  
A sure-shot hit with your name attached to it  
Will you keep me in mind? I won't cast the first stone or leave the first mark  
But I will leave a lasting impression  
You believe what you want  
And you've said what's been said  
And I do hope you learn a lesson  
Oh, I do hope you learn a lesson What's your problem?  
Can't you see it?  
And you go and blow it  
Like everyone knows you will Don't look too hard for what you want  
'Cause it could be on the tip of your tongue  
You're holding back like there's nothing left to it  
Could this be a false alarm? I won't cast the first stone or leave the first mark  
But I will leave a lasting impression  
You believe what you want  
And you've said what's been said  
And I do hope you learn a lesson  
Oh, I do hope you learn a lesson What's your problem?  
Can't you see it?  
And you go and blow it  
Like everyone knows you will Why don't you get it together now?  
Failure's not flattering  
When will you show yourself?  
When will you shed your shell?  
Oh, I do hope you learn a lesson  
Oh, you'll never learn your lesson What's your problem?  
Can't you see it?

And you go and blow it  
Like everyone knows you willWhat's your problem?  
Can't you see it?  
And you go and blow it  
Like everyone knows you will
