

Fireball

Elks Skiffle Group

Fireball, I'm atomic all day now

Talking bout game, got bars like a playground

Hey now, I hope you're ready for the take down

Tell cyranizzy to hit me with the break down

I'm throwin' money over here, money over there

Tryna get the party, throw my money everywhere

Ayee she a fireball (fireball), ayee she a fireball

I'm a fireball, biiitch!

I'm a fireball, baby, I get money

What's funny, dollar bills in my tummy

I'ma keep it moving, moving, stay runnin'

Boppers keep on hopping, playboy bunny

Keep the money coming, keep the money coming coming

Keep the money coming, keep the money coming coming

Now I got the world humming, i got the world humming humming (humming humming)

W-w-what-what-what-what chu looking at, triiick (trick)

Fireball, I'm atomic all day now

Talking bout game, got bars like a playground

Hey now, I hope you're ready for the take down

Tell cyranizzy to hit me with the break down

I'm throwin' money over here, money over there

Tryna get the party, throw my money everywhere

Ayee she a fireball (fireball), ayee she a fireball

I'm a fireball, biiitch!

Now I'm ridin baby, it's a late night

Got purp on deck in a straight light

I create hype, while you sit tight

Don't think twice when I spit I always hit it right

Keep the money coming, keep the money coming coming

Keep the money coming, keep the money coming coming

Now I got the world humming, i got the world humming humming (humming humming)

W-w-what-what-what-what chu looking at, triiick (trick)

Fireball, I'm atomic all day now

Talking bout game, got bars like a playground

Hey now, I hope you're ready for the take down

Tell cyranizzy to hit me with the break down

I'm throwin' money over here, money over there

Tryna get the party, throw my money everywhere

Ayee she a fireball (fireball), ayee she a fireball
I'm a fireball, biiitch!
I, I just want to have it all
Seeing everything I dream of (dream of), watch me rising like a phoenix (phoenix)
And I, I'm never gonna fall
'Cause I'm harder than the rest of them
And I think I got, the best of them
I'm a fireball, baby (baby)
I'm a fireball, baby (baby)
And I'm driving you crazy (crazy)
'Cause I'm the lady (lady)
I'm throwin' money over here, money over there
Tryna get the party, throw my money everywhere
Ayee she a fireball (fireball), ayee she a fireball
I'm a fireball, biiitch!
You got me running over here, running over there
Baby tell me, can I holla, I've been running everywhere
Ayee she a fireball (fireball), ayee she a fireball
I'm a fireball, biiitch!
I'm throwin' money over here, money over there
Tryna get the party, throw my money everywhere
Ayee, aye aye, a-ayee, aye aye
You got me running over here, running over there
Baby tell me, can I holla, I've been running everywhere
Ayee, aye aye, aye ayee, aye aye
I'm a fireball, biiitch!
