

# Divine Disaster (feat. James Chatburn)

XO

Yeh-yeh-yeh-yeh  
Oh-oh-oh-oh-oh  
Yeh-yeh-yeh-yeh  
Oh-oh-oh-oh-oh  
Yeh-yeh-yeh-yeh  
Oh-oh-oh-oh-oh  
Yeh-yeh-yeh-yeh  
Oh-oh-ooo-oooh

Forgive my sins I had become weaker with each day  
Temptation caught me good, she won't let go  
My innocence taken from me with each word she say  
Walkin' back through the fire for my soul

This love won't last us  
Divine disaster, oh-oh  
Caught out and captured by the  
Puppet master, oo-oh  
This love won't last us  
Divine disaster, oh  
Came back to the fire for my soul

For my soul  
Eh-eh-eeeh

Oh lord I beg, running circles in the warzone  
As she whispers all those sweet, sweet lies  
On my last legs, almost helpless in battle alone  
Manipulated, she controls my mind

This love won't last us  
Divine disaster, oh-oh  
Caught up and captured by the  
Puppet master, oo-oh  
This love won't last us  
Divine disaster, oh  
Walkin' back to the fire for my soul

For my soul  
Eh-eh-eeeh

Eh-eh-eeeh

Think all she said was truthful friend  
And all the things above this world she did pretend  
In all of this she was a fake  
Afraid the first drink that you bought her was a mistake

This love won't last us  
Divine disaster, oh-oh  
Caught out and captured by the  
Puppet master, oo-oh  
This love won't last us  
Divine disaster, oh  
Walkin' back to the fire for my soul
