

I Got Love for You

Michael Franti & Spearhead

Another morning has come and the sun is high
But I know that today is the day that I might cry
Because I know you're going
And I know you're leaving
To somewhere you hope to find
The peace of mind you're seeking In the back of a Greyhound bus, it'll take you far
In the back of a Greyhound bus, you can be who you are And I say
La-la-la, la-la-la, la-la-la, la-la-la, la la
I got love for you
I got love for you So I'll be waiting, my dear, u-huh
Waiting right here, u-huh
Waiting, my dear, u-huh
Waiting right here, u-huh I remember the time back when we was home
In and out, up and down, in this life, what a crazy road
It's been a long time that I shoulda said what I tell now
That I got faith in you and I believe in you In the dark of the night in the hotel when you're alone
In the middle of the city where nobody cares to know
On the top of the town in the glimmer of the shining lights
You just shine on now, you just shine on now And I say
La-la-la, la-la-la, la-la-la, la-la-la, la la
I got love for you
I got love for you So I'll be waiting, my dear, u-huh
Waiting right here, u-huh
Waiting right here, u-huh And I've got love for you, love for you, love for you And I know that you can't say for
sure
When you're coming home
But I got faith in you and I believe in you And I say
La-la-la, la-la-la, la-la-la, la-la-la, la la
I got love for you
I got love for you Another evening's come and the moon is high
But I know that tonight is the night that I might cry
Because I know you're going
And I know you're leaving
To somewhere you hope to find
The peace of mind you're seeking In the back of a Greyhound bus, it'll take you far
In the back of a Greyhound bus, you can be who you are
