

Contagious Contamination

Rigor Mortis

Blood, blood - runs from putrid sores
Screams, screams- worse than any war
Toxic, toxic - Sick contamination
Raping, raping - Through our planet's nations[Chorus:]
 Gruesome crimson bodies
 Suffer final anguish
 From waste or space
 From a pissed off god
 Where it comes from no one knows
Contagious contaminationCarnage, carnage - Fills the stinking streets
 Rotten, rotten - Swollen rancid meat
 Plague, plague - Everyone shall fall
Death, death - And darkness rule all[Chorus]
