Quitter

Toadies

Didn't I give you everything?
Didn't I take you where you want to be?
Didn't I make you feel just like a queen?
And all that time I thought thatI was gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' rightLook me in the eye and tell me somethin'
Am I supposed to walk away with nothin'?
Do I convince myself we never happened?
Well, I guess I won't be deniedI'm gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' rightI'm gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' right
NowLover
Ya happy now?
Quitter
QuitterIn the coming days the dust will cover
All the evidence of your worst power
I hope wherever you are now you wake up
See the squad a mess, you're made of thisI was gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' rightI was gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' right
Gettin' somethin' right
YeahLover
Ya happy now?
