

Fired Cuz I Was Late

AronChupa

We break up, we make up, we break up, we make up
We break up I got fired cause I was late
Oh no, I gotta sell these fancy clothes
I got fired cause I was late
Yeah, I said work, work, work
I got fired cause I was late
I got fired cause I was late
Yeah, I said work, work, work, work We break up, we make up, we break up, we make up
We break up, we make up, we break up, we make up
We beak up Ok, tell 'em
Saturday, last week, I was on point
Passed out after 2 cups and 1 joint
House party with mad chicks and that's it
Can I get the address? I wanna crash it
I don't know about brands or all the fashion
I just wanna give that chick some satisfaction
Man, fuck, she's hot, yo where my glass at I got fired cause I was late
Oh no, I gotta sell these fancy clothes
I got fired cause I was late
Yeah, I said work, work, work, work
I got fired cause I was late
I got fired cause I was late
Yeah, I said work, work, work, work[?] booty chick, wasted
Stuck around, had a little conversation
Thinking that my game might have her dick chasing
Thinking that I'm 'bout to get some lip tasting
I'm thinking me and her could get naked
Cause I don't slip, I solve the equation
I be on my pimping shit, no debating
You can say whatev-whatev-whatever you want I got fired cause I was late
Oh no, I gotta sell these fancy clothes
I got fired cause I was late
Yeah, I said work, work, work, work
I got fired cause I was late
I got fired cause I was late
I got fired Oh man, I'm fired
Got fired, got fired, got fired
Work, work, work, work
Got fired, got fired, got fired, got fired

Work, work, work, work
We break up, we make up, we break up, we make up
We break up, we break up, we break up, we make up
Work, work, work, work
We break up, we make up, we break up, we make up
We break up, we break up, we break up, we make up
Work, work, work, work
