

Falling

Blisterhead

And the conversation was right
Underneath the shade of moonlight
 You were standing there
 With sun-touched hair
And your dress the color white
 Like an aeroplane
 I took flight
Fell in love with you that first night
 Cause you danced with me
And I could see that there was more to life
 I'm falling
 I'm falling
 In love with you
 I'm falling
 I'm falling

In love with you-oooh
Just before the strike of midnight
You said "This could be the good life"
And you say "Goodbye, hope that I get to see you soon"
 Then I walked for several miles
 Couldn't rid me of my smile
Cause you found me and I found you
 In this lovely month of June
 I'm falling
 I'm falling
 In love with you
 I'm falling
 I'm falling
 In love with you
