Who's Fucking Who

Impetigo

One of these days you'll fuck this bitch
One of these days you'll suck this dick
The sperm that kills will infest your soul
Your dick will rot in her encrusted hole.
Who's fuckin' who? I gotta know
Before I go in search of a hole
Who's fuckin' who? I gotta be sure
Cause I don't want that disease of yours.
One of these days if you don't watch out
The jizz of death will infect yourmouth
You'll lose lotsa weight and look real sick
Just because of your antsy dick.
