

Second Guessing Games

Colony House

Ooohh
She'll be mine within a moment
of time
If only Sure
I'll be free from all my worries
With time
If only if only I Could go where I wanna go
To get where I need to be
Do what I gotta do
To say what I need to say Fight for the things I love
Let go of the things I don't
But let's stop playing second guessing games
I set myself for foreign lands
Leave behind these ticking hands
That say I'm only getting older
I could be free to do as I
Please if only if only I Could go where I wanna go
To get where I need to be
Do what I gotta do
To say what I need to say Fight for the things I love
Let go of the things I don't
But let's stop playing second guessing games All of this time spent thinking why
caught in a ship that's sinking in
If only I could see my future
I'd stop playing second guessing games
So go where you gotta go
To get where you need to be
Do what you gotta do
And say what you need to say Fight for the things You love
Let go of the things You don't
But let's stop playing second guessing games
