All or Nothing

Ratt

Take it or leave it
It's a sign of the times
If there's something I can take
I'm gonna make it mineAnd if you think I'm kiddin'
Baby, don't you turn your back
I'll be comin' on you
Quicker than a heart attackI've had to crawl, lie
I would've killed for a meal
I've had to beg, borrow and steal
I was beat, had to cheat
Sold my ass on the street
But, baby, I'm back, on my feetAll or nothing, get outta my way
Give me what I want or get outta my face
I want it all or nothing, I want it today
Give me what I need or I'll blow you awaySo if you see me on the street
You better look away
'Cause I'll spit right in your eye
And if you think I'm foolin'
I got news for you
You'll be out there walkin' in dead man's shoesI've been up, down, kissin' the ground
I've had to climb my way to the top
I'm a lean, mean, fighting machine
I ain't ever goin' back to that fucked up sceneAll or nothing, get outta my way
Give me what I want or get outta my face
I want it all or nothing, I want it today
Give me what I need or I'll blow you awayI want it all, all or nothing
I want it all, all or nothing
I want it all, all or nothing
I want it all, all or nothingAll or nothing, get outta my way
Give me what I want or get outta my face
I want it all or nothing, I want it today
Give me what I need or I'll blow you awayI want it all, all or nothing
I want it all, all or nothing
I want it all, all or nothing
I want it all, all or nothingI want it all, all or nothing
I want it all, all or nothing
I want it all, all or nothing
I want it all, all or nothing
