

One Voice (feat. Mikky Ekko)

[David Guetta](#)

One light for direction
Through the valley of night
One chance to be heard
And it's well worth the fight Uh you better keep your body moving
Don't wait for a feeling
To finally grow
Into an answer you've been hearing
Because you already know But they can't take it away, they can't take it away
But they can't take it away, they can't take it away Come on with me One voice and it's got to be you
We can only get one heart
And it's got to be through So if your love is breakthrough, turns voice
You cannot live without a voice
You cannot live without a voice
