

Father

Motley Crue

All these years
An angry child
Broken chattered
Torn inside Father
Where were you
Where were...I feel old
I feel dead
Barely hangin'
By a thread Father
Where were you
Where were...To my father
How could you run
You walked away
Abandoned you son
Broke my heart
Left me dyin'
So fucked up
Where I came from What's a father without a son
It's like a bullet without a gun
I live to die, I'll fly away
You're the knife, and I'm the prey
But you're dead, so fucking dead
We all gotta die, so fucking die I love you daddy
