

# The Herald

## Asphyx

As a single star glides swiftly down the night  
A soft wetting note issues from the time-worn flute  
Frowning slightly the herald listens wistful across the night  
And from way back behind the day comes the echoed answer  
The day advances oh so softly his shadow lengthens and his voice is mute  
But clear his flute and sadly walks forward followed by the day  
Herald of morning walks across the earth eternally  
Oh

Aah  
And somewhere in the black distance  
Another herald puts down his flute  
And the dewy dawn creeps on  
And the night withdraws

The day advances oh so softly his shadow lengthens and his voice is mute  
But clear his flute and sadly walks forward followed by the day  
Herald of morning walks across the earth eternally  
Oh, oh

La-la-la-la-la-la-la-aa  
La-la-la-la-la-la-la-aa  
La-la-la-la-la-la-la-aa  
La-la-la-la-la-la-aa
