

Big Branch

M.i.a.

Big bad wolf came over to my ranch
Took all my land, left me with a branch
That's how I feel about the loving that I had
That's I know about the girls he had
Bring her to my door now, bring me that ho
I put her on the table and put her in my claw
I'll put her down my jaw to my belly, to my toe
I'll shit on that ho and I drop her to the floor
Big, big, big branch, big branch
I'll hit her with the motherfucking branch
Big, big, big
I'll hit her with the motherfucking branch
Men are like pearls, they look good with my curls
I string em to get the best necklace in the world
In the states of the world all women wanna lay
But it's man's world but I keep him at bay
You can fuck a man, mack a man
Tell 'em that you're gay, tell him real love ain't on bet
Sex is so cheap, I get it at KFC
When its meaningless why they do R&B
Bring her to my door now, bring me that ho
I put her on the table, I, and put her in my claw

I'll put her down my jaw to my belly, to my toe
I'll shit on that ho and drop her to the floor
Big, big, big branch, big branch
I'll hit her with the mother fucking branch
Big, big, big
I ate my chips and I washed that plate
Thought about women that take that bait
Men with stamina or money on the plate
Can get a woman thinking her period is late
Thanks to Jesus, I got my own estate
If I let you in, will you run off with my maid?
All men are just so fickle these days
To find a really good one, I keep on getting laid
Bring her to my door now, bring me that ho
I put her on the table and I put her in my claw
I'll put her down in my jaw to my belly, to my toe

I'll shit on that ho and drop her to the floor
Big, big, big branch, big branch
I'll hit her with the mother fucking branch
Big, big, big
