Don't Fade Away

Satanic Surfers

Although we've had our differences of opinion through the years I can't deny what I am feeling in here
There are feelings I can hide within me and feelings that I can't conceal
Like the ones that are bringing on this tears
Sometimes I think that I never get to know you well enough, never understand why you did the things you did
Although I'm part of you and you're part of me too
I just wanted you to understand that I'm
Not an echo of your lifeI don't never want to forget the sound of your voice or the smile on your face
I don't want the image of you to fade away
I know we're running out of time, don't ever think I said "I love you"
This is my way of saying I doAlthough we've had our differences through the years I cannot judge you, cannot understand what I do not know
There are feelings I can hide within me and feelings that I can't conceal
But still they're so difficult to showSometimes I think that I never get to know you well enough, never understand why you did the things you did
Although I'm part of you and you're part of me too
I just wanted you to understand that I'm
Not an echo of your lifeI don't never want to forget the sound of your voice or the smile on your face
I don't want the image of you to fade away
I know we're running out of time, don't ever think I said "I love you"
This is my way of saying that I do
