

# Don't Fade Away

## Satanic Surfers

Although we've had our differences of opinion through the years I can't deny what I am feeling in here  
There are feelings I can hide within me and feelings that I can't conceal  
Like the ones that are bringing on this tears  
Sometimes I think that I never get to know you well enough, never understand why you did the things you did  
Although I'm part of you and you're part of me too  
I just wanted you to understand that I'm  
Not an echo of your life I don't never want to forget the sound of your voice or the smile on your face  
I don't want the image of you to fade away  
I know we're running out of time, don't ever think I said "I love you"  
This is my way of saying I do Although we've had our differences through the years I cannot judge you, cannot  
understand what I do not know  
There are feelings I can hide within me and feelings that I can't conceal  
But still they're so difficult to show Sometimes I think that I never get to know you well enough, never  
understand why you did the things you did  
Although I'm part of you and you're part of me too  
I just wanted you to understand that I'm  
Not an echo of your life I don't never want to forget the sound of your voice or the smile on your face  
I don't want the image of you to fade away  
I know we're running out of time, don't ever think I said "I love you"  
This is my way of saying that I do
