

Undivided

Bon Jovi

That was my brother lost in the rubble
That was my sister lost in the crush
That was our mothers, those were our children
That was our fathers, that was each one of us
A million prayers to God above
A million tears make an ocean of
One for love, one for truth
One for me and one for you (Aah)
I found spirit, they couldn't ruin it
(Aah)
I found courage in the smoke and dust
(Aah)
I found faith in the songs you silenced
Deep down it's ringing out in each of us, yeah
Yeah, yeah, yeah, yeah
One for love, one for truth
One for me, one for you
Where we once were divided, now we stand united
We stand as one undivided
How many hands?
How many hearts?
How many dreams been torn apart?
Enough, enough the time has come to rise back us
But as one for love, one for truth
One for me and one for you
Where we once were divided, now we stand united
We stand as one undivided
Undivided
Undivided
One for love, one for truth
One for me and one for you
We once were divided, now we stand united
We stand as one undivided
