

Outerspace (2003)

The Boxer Rebellion

A hi-tech flight device
Passage into paradise
Reassured and pleased
A scheme to evade my enemies See high
See up high To outerspace
Its slowing you down
To outerspace
Outerspace. Fantastic new vaccines
From voices inside
TV screens
Parading aristocratic ties
For casting votes and
choosing sides See high
See up high In outerspace
Its slowing you down
In outerspace
Outerspace. And ill spy
with my little eye
Worlds collide
Right now Outerspace
Its slowing you down
In outerspace
Its slowing you down!
