

# Odd Look (feat. Kavinsky)

## The Weeknd

You are the snake, get around me  
And it came with rain  
Never seen what raining So I just could lead the way  
There's nowhere to ride around me  
No one around, it's amazing  
Elevating as it seems to you  
But no, never mind  
Never come out  
Where to ride when it's raining?  
You were mine So I'm with you baby  
You were to put it else yeah baby  
You were right, you made it  
You were alright So I'm with you baby  
You were more, I seen no more  
You were right to enslave me  
I think you would've made it So I just could lead the way  
There's nowhere to ride around me  
No one around, it's amazing  
Elevating as it seems to you  
But no, never mind  
Never come out  
Where to ride when it's raining?  
You were mine So I just could lead the way  
There's nowhere to ride around me  
No one around, it's amazing  
Elevating as it seems to you  
But no, never mind  
Never come out  
Where to ride when it's raining?  
You were mine
