Grey Day

Madness

When I get home it's late at night I'm black and bloody from my life I haven't time to clean my hands Cuts will only sting me through my dreamsIt's well past midnight as I lie In a semi-conscious state I dream of people fighting me Without any reason I can seeIn the morning I awake My arms, my legs, my body aches The sky outside is wet and grey So begins another weary day, yeah So begins another weary dayAfter eating I go out People passing by me shout I can't stand this agony Why don't they talk to me?In the park I have to rest I lie down and I do my best The rain is falling on my face I wish I could sink without a traceIn the morning I awake My arms, my legs, my body aches The sky outside is wet and grey So begins another weary day, yeah So begins another weary dayIn the park I have to rest I lie down and I do my best The rain is falling on my face I wish I could sink without a traceIn the morning I awake My arms, my legs, my body aches The sky outside is wet and grey So begins another weary day, yeah So begins another weary day So begins another weary day, yeah
