Freight Train

Nitro

They tell me what t'do, they tell me what t'say
They try t'tell me how t'live my life
Each-n-everyday they're walkin' over me
Gotta let go, gotta set me freeThey they don't care what's wrong or what's right or what's fairWatch out world, ready or not
I'm like a Freight Train comin'
Full speed ahead I'll C U at the top-TOPI'm like a freight train. I'm like a freight train comin'
I'm like a freight train. I'm like a freight train comin'Watch out world, ready or not
I'm like a freight train comin'
Full speed ahead I'll C U at the top-TOPThey tell me what is wrong, they tell me what is right
They turn around the truth, then tell me not to (LIE)
Never turnin' back I'm goin' 4 it all or nothin'
I won't ever fallThey they don't care,what's wrong or what's right or what's fairWatch out world, ready or not
I'm like a Freight Train comin'
Full speed ahead I'll C U at the top-TOPChorus
