

# George's Helper

Pete Murray

People  
This is what I say tonight  
Messed up  
After that I'm much too bright  
You all just sit here smiling and I  
Cannot control myself when I know I'm right  
Oh, and I can't help you tonight  
Here it comes  
Falling down on your face  
Sometimes I just feel you're out of place  
Hey, George  
I think I can help you now  
Remember  
You brought this upon yourself  
You all just sit here smiling and I  
Cannot control myself when I know I'm right  
Oh, and I can't help you tonight  
Here it comes  
Falling down on your face  
Sometimes I just feel you're out of place  
You always end up with egg on your face  
You all just sit here smiling, hey  
You all just sit here smiling, hey  
You all just sit here smiling, hey  
You all just sit here smiling  
Hey, George  
I think I can help you now
