Trackin'

Pictomusic

Keep on trackin' with me
Everybody's swayin' to the beat
Keep on trackin' with me
Can't stand still gotta move your feetKeep on trackin' with me
Everybody's swingin' in the heat
Keep on trackin' with me
Gotta keep on, to join this partyGet on the dance floor baby
It's time to get it on
So you have some troubles lately
You better deal after dawnLet the music take you somewhere
Give yourself some room
If you watch catch some air
You're gonna have to show all your movesGirls, move your body right or left
Find your pocket
You're gonna have to break a sweat
To be on it, listen babyKeep on trackin' with me
Everybody's swayin' to the beat
Keep on trackin' with me
Can't stand still gotta move your feetKeep on trackin' with me
Everybody's swingin' in the heat
Keep on trackin' with me
Gotta keep on, to join this partyOh, oh, oh, oh, oh oh
Oh, oh, oh, oh, oh ohNo proud of being a shaker
Work it out on the floor
This rhythm shows no favor
Better check your ego at the doorJust me me be the leader
Keep your eyes on checkin' me
You won't need to take a breather
Sliding into motion naturallyDon't, let your body miss a beat
Don't be slackin'
If you're keepin' up with me
You'll be trackin', listen babyKeep on trackin' with me
Everybody's swayin' to the beat
Keep on trackin' with me
Can't stand still gotta move your feetKeep on trackin' with me
Everybody's swingin' in the heat
Keep on trackin' with me
Gotta keep on, to join this partyOh, oh, oh, oh, oh oh
Oh, oh, oh, oh, oh ohGirls, move your body right or left

Find your pocket
You're gonna have to break a sweat
To be on it, listen babyKeep on trackin' with me
Everybody's swayin' to the beat
Keep on trackin' with me
Can't stand still gotta move your feetKeep on trackin' with me
Everybody's swingin' in the heat
Keep on trackin' with me
Gotta keep on, to join this partyKeep on trackin' with me
Everybody's swayin' to the beat
Keep on trackin' with me
Can't stand still gotta move your feetKeep on trackin' with me
Everybody's swingin' in the heat
Keep on trackin' with me
Gotta keep on, to join this partyGet on the dance floor baby
So you've had some troubles lately
Let the music take you somewhere
No proud of being a shakerGet on the dance floor baby
So you've had some troubles lately
Let the music take you somewhere
No proud of being a shaker
