Enticing Slumber (Re-Arranged)

Suidakra

[Music by Suidakra, Lyrics by Uwe S.]Emperious Mountains
breathing pure frost
Icewinds in pale crowns
woodays into the...Melancolic realms
cradle of soulless horde
Howling in league with them
a pact sealed wirh...Nocturnal ways - don`t dare to follow
Carnal prey on untrodden path...[Lead: Arkadius]Eye to eye
surrounded by fear
Enduring their breath
eternal is the dark...Swirling black
shapes in the unlight
Unfold empyrium
their traces are yours...
