

# Fine

## Whitney Houston

It's fine, fine, fine, fine, fine  
It's alright, had a dream last  
That the world stopped turning  
But your madness, it kept on  
Guess, I wasn't too bright  
And I really wasn't learning  
Should have seen it all along  
All those sweet, sweet kisses  
(Sweet, yeah)  
And those sweet red roses  
(Sweet, yeah)  
They convinced me, it was you  
I made you exclusive  
(You, yeah)  
Now, it's so conclusive  
(Now it's conclusive that)  
That you weren't doing it too  
If you'd told me from the start  
That you're playin' around  
It would've been fine  
(Me would have been fine)  
Then I would have been too  
And I guess so  
I would've had a good time  
(Had a good time)  
If you'd told me from the start  
That you're playin' around  
It would've been fine  
(I would have been fine)  
Then I would have been too  
And I guess so  
I would've had a good time  
Something didn't feel right  
And I wish I knew it  
I just could not see your games  
(Yeah, yeah baby)  
I got respect for you  
And you put me through it  
Why would you bring me  
So much pain? Oh  
I would stick up for you  
(Yeah, you)  
'Cause I did adore you  
(I did adore you)  
While my dogs would chew you out  
Tried to be so nice  
(Be)  
On those lonely nights  
(On those lonely, lonely, lonely nights)  
But I should have figured you out  
If you'd told me from the start

That youre playin' around  
It would've been fine  
(Yeah, would have been fine)Then, I would have been too  
And I guess so  
I would've had a good time  
(I wanna have a good time)If youd told me from the start  
That youre playin' around  
It would've been fine  
(It would have been, baby)Then, I would have been too  
And I guess so  
I would've had a good timeBaby, youre so fine  
(You are the one that I love)  
You are so fine  
(Your love was sent from above)  
You are so fine, fine, fine  
(So doggone fine)Baby, you're so fine  
(You are the one that I love)  
You are so fine  
(Your love was sent from above)  
Oh, you're mall of mine  
Fine, fine, fine  
(So doggone fine)If youd told me from the start  
That youre playin' around  
It would've been fineThen, I would have been too  
And I guess so  
I would've had a good timeIf youd told me from the start  
That youre playin' around  
It would've been fineThen, I would have been too  
And I guess so  
I would've had a good timeIf youd told me from the start  
That youre playin' around  
It would've been fineThen, I would have been too  
And I guess so  
I would've had a good time  
...
