Bad Boy Boogie (Album Version)

AC/DC

On the day I was born the rain fell down
There was trouble brewing in my home town
It was the seventh day, I was the seventh son
And it scared the hell out of everyoneThey said stop, I said go
They said fast, I said slow
They said yes, I said no
I do the bad boy boogieBeing a bad boy ain't that bad
I've had me more dirty women than most men ever had
All you women come along with me
And I'll show you how good a bad boy can beI said right and they said left
I said east and they said west
I said up and they said down
I do the bad boy boogie all over townI want to tell you no story, tell you no lie
I was born to love till the day I die
I just line them up and I knock them down
And they all came running when the word got round
(Just keep a running)I said up, they said down
They said straight, I said round
They said lost, I said found
I said free and they said bound
Bad boy boogie
Bad boy boogie
Bad boy boogie
Bad boy boogie
