

Westside (feat. Snoop Dogg)

Fetty Wap

1738

Ay

Yeah bae

Yeah baby (We got London on da track) I think I fell in love with the Westside, baby

Stop playin', girl, what it do, baby

I got time to screw with you, baby

I swear I might have seen her out my left eye Baby girl they hatin' you, baby

'Fore they even knew you, baby

I think I fell in love, your body's crazy, yeah

I know you wanna love, your smile's amazing, yeah

I think I fell in love, your body's crazy, yeah

I know you wanna love, your smile's amazing, yeah Hit my phone, tell me what you like bae

Ay and if it's cool, can I spend the night, bae?

Ay, Kama Sutra, is that what you like bae?

Every detail 'til I get it right, bae

Act ten down on Mrs. Stuck, bae

Ay, I beat it right, beat it to the left, bae

Ay, and when I'm done we should never leave, baby

And plenty girls who want that cake, baby

And damn right I'ma take a damn drink

Ay, and when you need the love, who is there, bae?

And you need somebody to lean on

You don't wanna smoke green no

'Cause I'm puttin' my team on, baby

I'm the nigga you dream of, go ahead get your dream on

Anything you can think of, it appears, baby

King Zoovie here, baby I think I fell in love with the Westside, baby

Stop playin', girl, what it do, baby

I got time to screw with you, baby

I swear I might have seen her out my left eye I saw, what I seen, what I saw

Lipstick thick hips baby was a boss

Dollars in my pocket I rolls for eleven

Godfather to this shit, I'm Russell Simmons

In it, authentic, money I spent it

Split it, baby what a pimp clinic

Choose up or be chosen

Rise like yeast, raised on the east

Best side of the west side of the coast

Getting setty Fetty riding in the white Ghost

Riding through Hollywood
Dogg Pound dick 'em down
Baby said the flavor good
Put it in her now she yellin' neighborhood
'Cause you know how these hoes flip
My nigga you know how these hoes get
That's why I stay fly
And keep a bad bitch from the Westside
Left side I think I fell in love with the Westside, baby
Stop playin', girl, what it do, baby
I got time to screw with you, baby
I swear I might have seen her out my left eye Baby girl they hatin' you, baby
'Fore they even knew you, baby
I think I fell in love, your body's crazy, yeah
I know you wanna love, your smile's amazing, yeah
I think I fell in love, your body's crazy, yeah
I know you wanna love, your smile's amazing, yeah Your smile's amazing, yeah
Your smile's amazing, yeah
