

Lonely Tonight (feat. Ashley Monroe)

Blake Shelton

Never thought you'd pick up the phone
It's Friday night
You should be out on the town
Didn't think you'd be sitting home all alone like me
Nothing on TV
Nothing to do
Nothing to keep my mind off you and me
And the way it was
Are you thinking about it now
Because I can be there in 5
One more one last time

We don't have to be lonely tonight
(Need you, want you, I'm right here)
We don't have to be lonely tonight
(I know we shouldn't, but I don't care)
I don't want to be right
I don't want to be strong
I just want to hold you till the heartbreaks gone
When the sun comes up
We can go through all
We don't have to be lonely tonight

That taste, that touch
The fire I miss
Those misty eyes
You red wine lips
All mine
Like it use to be
Baby, I want you and you want me

We don't have to be lonely tonight
(Need you, want you, I'm right here)
We don't have to be lonely tonight
(I know we shouldn't, but I don't care)
I don't want to be right
I don't want to be strong
I just want to hold you till the heartbreaks gone
When the sun comes up

We can go through all
We don't have to be lonely tonight

I can be there in 5
One more one last time

We don't have to be lonely tonight
(I need you, and I'm right here)
We don't have to be lonely tonight
Tonight, tonight
