

# Ten Times Crazier

**Blake Shelton**

Well I'm crazy about fast cars, football and guitars  
All them old country songs Daddy used to play  
I'm crazy about Friday nights, cold beer and good times  
Crazy about a summer day out on the lakeBut I'm ten times crazier without about your lovin', girl  
I'd do about anything you ask me to  
I'm just plain crazy bout a lot of things baby  
But I'm ten times crazier about youWell I'm all about a weekend, kickin' with my good friends  
Every now and then I like to make a little noise  
But don't you go thinkin' that I won't leave 'em hanging  
'Cause even though I'm crazy about them good ol' boysI'm ten times crazier about your lovin' girl  
I'd do about anything you ask me to  
I'm just plain crazy bout a lot of things baby  
But I'm ten times crazier about youI know you love me girl that's easy to see  
But as crazy as you say you are about meI'm ten times crazier about your lovin' girl  
I'd do about anything you ask me to  
I'm just plain crazy bout a lot of things baby  
But I'm ten times crazier about youI'm ten times crazier about your lovin' girl  
I'd do about anything you ask me to  
I'm just plain crazy bout a lot of things baby  
But I'm ten times crazier about you
