

# Let It Echo (Heaven Fall) [feat. Chris Quilala]

## Jesus Culture

We've only scratched the surface  
And only had just one glance  
We've tasted of Your glory  
But there's so much more

We're standing on horizons  
Where earth collides with heaven  
You're longing for Your children  
To cry out for more  
We cry out for more

Let it echo from this city  
To the nations the sound of praise  
Let the windows of the heavens  
Open wide and let it rain

Here inside Your presence  
Surrounded by Your Spirit  
We're satisfied but desperate  
For even more of You, even more of You

Let it echo from this city  
To the nations the sound of praise  
Let the windows of the heavens  
Open wide and let it rain

Let it echo from this city  
To the nations the sound of praise  
Let the windows of the heavens  
Open wide and let it rain

Oh-oh  
Let heaven fall  
As we sing  
Oh-oh  
Let heaven fall  
Let heaven fall

Oh-oh  
Let heaven fall

As we sing  
Oh-oh  
Let heaven fall  
Let heaven fall

Let it echo from this city  
To the nations the sound of praise  
Let the windows of the heavens  
Open wide and let it rain

Let it echo from this city  
To the nations the sound of praise  
Let the windows of the heavens  
Open wide and let it rain

Oh-oh  
Let heaven fall  
As we sing  
Oh-oh  
Let heaven fall  
Let heaven fall

Oh-oh  
Let heaven fall  
As we sing  
Oh-oh  
Let heaven fall  
Let heaven fall

Oh-oh  
Let heaven fall  
As we sing  
Oh-oh  
Let heaven fall  
Let heaven fall

Oh-oh  
Let heaven fall  
As we sing  
Oh-oh  
Let heaven fall  
Let heaven fall

Oh-oh  
Let heaven fall  
As we sing

Oh-oh  
Let heaven fall  
Let heaven fall

Oh-oh  
Let heaven fall  
As we sing  
Oh-oh  
Let heaven fall  
Let heaven fall

Oh-oh  
Let heaven fall  
As we sing  
Oh-oh  
Let heaven fall  
Let heaven fall
