Workin'

The Fraggles

I've been workin' down there all my life
Ain't had no time to find a wife
Had plenty of chances but I took none
Gonna sit down at this bar, here
And I'm gonna have oneGonna drink till I can't see
What's happenin' to me
Gonna drink till it comes clear
What I'm doin' hereWhile I keep on workin'
Keep on workin'
Gonna sit down at this bar
While I keep on workin'Well, I don't need to drive down old highways
And I don't need to call up an old friend
'Cause all I need is what's in front of me
And I don't need nobody's companyI'm gonna drink till I can't see
What's happenin' to me
Gonna drink till it comes clear
What I'm doin' hereWhile I keep on workin'
Keep on workin'
Gonna sit down at this bar
While I keep on workin'Well, I don't need to drive down old highways
And I don't need to call up an old friend
'Cause all I need is what's in front of me
And I don't need nobody's companyGonna drink till I can't see
What's happenin' to me
I'm gonna drink till it comes clear
What I'm doin' hereWhile I keep on workin'
Keep on workin'
Gonna sit down at this bar
While I keep on workin'Yeah, keep on workin'
Keep on workin'
Gonna sit down at this bar
While I keep on workin'
