

Love Ecstasy

Sean Kingston

Do 100 on the freeway
With no seatbelt on tryna get away
But I keep going back to love
Even when you ain't next to me
You're the only one still in my memory
It's like my heart won't let up
So baby here I am I'm on my way, I'm on my way oh
I'm on my way, girl to your arms
Your love, your love, your love, your love
Girl to your arms
And all I want is you When I miss my baby
I can barely breathe
Do it all, I want you next to me
'Cus you're love's like ecstasy
Girl I want you closer
It's the only drug I need
Even your doctor said to stay away
But you're love like ecstasy Oh no, your love like ecstasy
Oh no, your love like ecstasy Even when you ain't right at times
Girl you still find a way to stay on my mind
It's like with you I can't wait at all
Ooh no If loving you was a dead crime
I'd be locked up, doing 20 to life
So much emotions build inside
So baby here I am I'm on my way, I'm on my way oh
I'm on my way, girl to your arms
Your love, your love, your love, your love
Girl to your arms
And all I want is you When I miss my baby
I can barely breathe
Do it all, I want you next to me
'Cus you're love's like ecstasy
Girl I want you closer
It's the only drug I need
Even your doctor said to stay away
But you're love like ecstasy Ever since a boy I gotta have a steady Shawty
If I could run like your love I'll smoke always
And I'll never get dry like the supply
Girl you got me

I need a hit of you so I can start my day
I'm an addict, we handcut it certainly
And I don't care what the haters say
'Cus...I'm on my way, I'm on my way oh
I'm on my way, girl to your arms
Your love, your love, your love, your love
Girl to your arms
And all I want is you When I miss my baby
I can barely breathe
Do it all, I want you next to me
'Cus you're love's like ecstasy
Girl I want you closer
It's the only drug I need
Even your doctor said to stay away
But you're love like ecstasy When I miss my baby
I can barely breathe
Do it all, I want you next to me
'Cus you're love's like ecstasy
Girl I want you closer
It's the only drug I need
Even your doctor said to stay away
But you're love like ecstasy Oh no, your love like ecstasy
Oh no, your love like ecstasy
